Email: support@housingworks.net

Advocates who purchase subscriptions will receive a tote bag or t shirt – indicate your choice on next page

1. How are you paying/did you pay?

- I purchased the subscription(s) on www.housingworks-shop.net; *OR*
- I have enclosed a check for \$200.00 per staff person = \$ _____ .00

2. You must agree to abide by our policies by typing your name(s) below:

- Only one staffperson may ever access an account. Should that person leave, you may provide us a new name and email and we will transfer that account to the replacement at no cost.
- You must enter a client's profile into our system if you want to generate pre-filled housing applications.
- Applications can only be printed if a waitlist is open and the client's profile has been entered into our system. This means, there is no benefit to saving an application to your desktop, to use later for another client. You may not save an application and then "white out" - or erase - any part of it, in order to use it for another client at a later date.
- You agree to update client information in our system as long as the client continues to work with you.
- You may not open any housing waitlists unless the housing provider has verified that that waitlist is, in fact, open.
- *Our philosophy is, no one gets help at the expense of other clients – we will all stay afloat together, or we will all sink together.*

Signatures of both Program Director and Actual Users:

Name of Program Director

Name of Staff Person 1

Name of Staff Person 2

3. Info about the staff person(s) who will get use the HousingWorks subscription:

4. Here's what you get for \$200.00/yr

- **A comprehensive Housing Database of every kind of subsidized, affordable, special needs, non-market level housing, permanent or transitional.** We show you which waitlists are open and who's taking applications. We give you applications, pre-filled with your client's information. **This is the fastest and most accessible way of making you a housing expert, and you can help more clients in fewer hours. If you use our system, clients will be placed faster, or with less work!**
- **Access to applications to more than 5000 subsidized, affordable, and special needs housing programs;** you can generate these applications *pre-filled with your client's information*. **If you spend more than two hours a month asking for, or hand completing applications, this subscription will more than pay for itself.**
- **A practical means of updating waitlists** when your clients move, or experience a change in household size, income, or address. **This helps reduce *vacant-unit* time at many properties, and can shorten the time your client spends waiting for a unit offer.**
- **A simple cover page that simplifies the mailing of applications.** Buy #10 double window envelopes and fold the applications where indicated, so that the mailing addresses show in the envelope windows. **This saves you from buying mailing labels, hand addressing of thousands of applications, and ensures better delivery by the post office.**
- **A one-page Authorization Form** (back page of the OS-DC documents provided during your training session). This is a release form that both the client and the advocate should sign.
- **Reports**, including a way to track which applications have been sent, when, and to what waitlists. This allows your clients to check their status with individual housing authorities and management companies.
- **A confidential system for tracking clients who have disappeared.** This is handy if you receive an offer of housing or a voucher for your client, but the client has moved on; you may be able to locate them instantly and let them know they have a vacancy or voucher interview.
- **Accounts can be transferred at any time should a staff person leave.**
- **A shirt or totebag with a short, powerful slogan about the value of your work.**
- **Many of these waitlists cannot be located UNLESS you use HousingWorks**
